The Doings of a Day Alongshore.

Four Steamers Leave--The Surveyors Appointed--Captain Wooley--The Inverness-shire.

Four island steamers left yesterday in a bunch taking large cargoes of freight and but few passengers. The Mauna Loa left on her regular run after having been laid up for close upon six weeks. The Hall, which arrived from Kauai with sugar, was alongside the Australia unloading until after dark, and the steamer for San Francisco was quite late in getting away. The Carlyle City from the Orient, with immigrants, arrived yesterday, as did the Inverness-shire. The schooner Surprise was busy during the afternoon towing boat loads of the Carlyle City's Japs from the steamer lying outside to the quarantine station. The Northern Light in ballast and the Mary Dodge with sugar got away for San Francisco during the day. The Helene with sugar and cattle from Hawaii and the J. A. Cummins with rice from Oahu ports came in.

The Inverness-shire.

The British ship Inverness-shire arrived and anchored outside yesterday after being away six days from this port. The story of the drifting of the vessel was as given in the Advertiser some time since, after the return of Pilot Sanders. Work on the anchors was continued and the starboard anchor and chain catted at 7 o'clock Saturday night. The attempt to save the port anchor and chain was given up on the day previous, and the anchor and 105 fathoms of chain were slipped in the afternoon of Friday. During the whole time the ship was away she was within seventy miles of this port.

The loss of the chain and anchor will amount to several thousand dollars, and the captain, which was broken in the attempt to heave in the port anchor, will have to be repaired here. It will probably be a week or ten days before the ship is ready to sail.

Harry Evans, who was aboard the ship representing the Police Department, brought the crew ashore last night on a warrant from the British Consul. The men are locked up in the police station awaiting an investigation.

They were seen in the jail last evening and make very strong complaint against the skipper, Captain Peattie, who is the commodore of Thomas Laws & Co., the second largest firm of ship-owners in the world.

Captain Rennie, the stevedore, whose men were taken out to the vessel when she was in distress, is of the opinion that if this were a British port, or, if there was a British man-of-war here, the men of the crew who refused duty would be most severely dealt with.

The Sebastian Bach.

Captain Wooley of the bark Sebastian Bach is now here for the first time in twenty years. He was discussing the changes that he noticed today and seems greatly impressed with the possibilities of Honolulu as a distributing center. Speaking of the storm in which his vessel recently received severe injuries, he said it was the worst he had ever seen. The bark is very old and the captain states that one could almost see the planking working in and out. His crew is Japanese and captain Wooley claims that they make very satisfactory sailors. During the storm they did not seem in the least timid. He says that if you treat the Japs well they work well, but if you attempt to drive them there is bound to be trouble.

British Consul Hoare has appointed Captains Armstrong and Bremmer of the Drummuir and Aspic respectively and Mr. Jas. Lyle a board of survey to go over the vessel and assess damages. Their report will be handed in to the Consul today and not until after it is submitted will it be known what will be done with the vessel.

As she lies now she is in no immediate danger and there is food in sufficiency to keep the crew for a couple of months, or until the owners can be heard from.

Cargo Libeled.

Yesterday afternoon the owners of the ship C. B. Kenny, by the captain, filed a claim for demurrage against the cargo of coal. The claim was incurred while waiting to load at Departure Bay. On an order from Judge Perry the cargo was seized by Deputy Marshal Chillingworth and the consignees and charterers of the vessel, Allen & Robinson, put up a bond in the sum of \$50 to indemnify the libellants in case the case is decided in plaintiff's favor. The claim is for \$225 for three whole days demurrage. The case will be heard on March 2d.

NOTES.

The Helene from Hawaii arriving yesterday brought 4220 bags sugar, 90 head cattle, 46 hides.

When the Hall left Kauai the Mikahala was discharging at Waimea, the Ke Au Hou was at Makaweli and the Waialeale at Anahola.

There are now 150,000 bags of sugar on Kauai awaiting shipment. The W. G. Hall, which arrived yesterday, reports stocks at the different places as follows: K. S. 7,000; W. 3,000; Mak. 30,000; Elele, 3,000; K. P., 20,000; H. M., 30,000; M. S. Co., 13,000; K. S. Co., 14,000.

Brave Yale Men.

Three Yale men, George R. Carter, '88; S. J. R. Galt, '89, and C. R. Hemenway, '97, exhibited bravery in connection with the outbreak of the bubonic plague at Honolulu. As the story is told in the Yale Alumni Weekly, they entered the Chinatown district to search for victims of the plague and to enforce sanitary regulations.—Kansas City Journal.
